**Family Fun Activities**

Treasure Hunt - Each member of the family has to find as many things as they can in five minutes that start with a particular letter of the alphabet e.g. "s". You can modify this challenge by giving younger children head start, by giving older family members a letter blend e.g. "st", or by deducting the age of the child from the number of items they have found.

Help younger children by writing down the word and asking them to place the word next to the items they have found.
