Dear parents and friends of Carranballac College,

Last night I had the pleasure of attending the opening of Woolworths Point Cook, at the town centre. Our musical students and staff put on a great performance for all present. Their magical voices and finely tuned musical talents resounded throughout the town centre. It was also pleasing to have staff and families present to appreciate the Carranballac talent on display. Well done staff and students. I would like to pass on our thanks to Woolworths for their generous donation of $1,000.00 towards our College programs. If you are visiting Woollies over the coming months keep your eyes open for our soon to be displayed excellent Visual Arts work which will be on show next to the Woollies delicatessen. I am positive you will be impressed with the talent of our student and staff artisans.

Thank you Mr Forrester: this week we have had new, more efficient and cost effective lighting installed in both Boardwalk and Jamieson Way gymnasiuems thanks to the diligent work of Mr Forrester. These two projects were fully funded under a Government initiative. Mr Forrester prepared the successful submission. The project will now be extended into internal hallway lighting and some external security lighting that is also more efficient and cost effective.

On another important matter that has strong links to the work Mr Forrester undertakes for the College. In working with the Student Environment Council the student body has taken a strong stance on improving the management of litter at both campuses. Area maps for grades will be drawn up and student monitors will be allocated to each campus to ensure that rubbish bins are placed strategically around the College campuses in line with the student input. We anticipate that the monitors will be undertaking their new roles by the end of August and we do hope to see a huge improvement with litter management. Thankyou to our Student Environment Council for recognising the need to address this aspect of our College.

Over the last two weeks I have been involved in a number of family meetings at the College addressing student needs. I have been thoroughly impressed with the high level of parent support and the professionalism of staff. It reinforces for me that education is a partnership that is built on mutual understanding, leading to the building of trust and reciprocal respect with the students at the centre of our focus. Students also play a pivotal role in the partnership and need to have a voice in the development of agreed goals driving their personal improvement. We all have the capacity to work together if we just give it a chance. I look forward to working with more families as the year progresses.

On behalf of the Carranballac community I would like to wish the Jamieson Way Wakkakirri performers and staff our best wishes for an enjoyable and successful performance this Friday night at the Moonee Ponds Clocktower theatre. We all appreciate the enormous amount of preparations you have undertaken to make this a performance we will all be so proud of. Chookas to our team.

Have a fruitful and successful week.
Brendan O'Brien.

Blackwood School Report— Principal Kay Kearney

The blossom is beginning to bloom in the Early Years courtyard and we are getting excited with this first sign of spring. We will be very happy to see the end of this cold winter. It is lovely seeing many of our students rugged up wearing their Carranballac College scarves.

Last Friday night was a very successful disco at the Jamieson Way gym. Congratulations to the Parents and Friends for organizing and running such a fun event! Our students loved it! Our Year Eight students headed off to Kryal Castle, Ballarat on Monday. They were all prepared for the chilly weather and had a wonderful day learning about life during medieval times.

The following reflection is written by Cara Poots 8B

Being from Scotland I had low expectations of a castle in Australia. My parents convinced me to go and I am very glad they did. The castle was awesome! The guides taught us all about how people lived with the Black Death, how they made medicines, weapons and armour and my favourite, how people were tortured. The torture dungeon was completely gruesome and made all the teachers sick.

After all that we went to see the horse show where Sir Phillip showed us how a knight fought in battle using various types of weapons. When we had free time to roam the castle we met the blacksmith and looked at the wares in his workshop. He was super nice. At the end of the day we all got to shoot our arrows, pick up our swords and shields and battle. We all had an amazing time and thanked the guides for an extraordinary day.

Enjoy your week

Jamieson Way School Report— Principal Sandy Naughton

What a faboulus Parents & Friends' disco last Friday night! The cold weather did not deter our kids and families from having the most amazing time! We have an incredible group of parents who put in a huge effort to ensure our kids had great fun! Thank you to all involved! The highlight of the evening was the group of our amazing mums giving a stellar performance of the Nutbush across the back of the gym. What stars!

We are very proud of our students who represented the college last Wednesday at a District level for primary school sports. Their behaviour and sportsmanship in such cold conditions was excellent! Congratulations to all who competed, and we wish those who have qualified for the next level of completion all the best! Congratulations to Divad who broke the district record for discus on the day. We anticipate that we will have students who will qualify for the next level - well done.

We had a full dress rehearsal for Wakakirri today. This is the most amazing performing arts experience for our students, and we are very much looking forward to their performance in The Clock Tower in Moonee Ponds this Friday night. Our students gain so much personal development and grow in confidence through such an experience. We will be cheering very loudly for our stars! We thank our year 5/6 teachers, Ms Edmonds and our specialist teachers, Mrs Butterworth, Ms Peric and Mr Villani for the fabulous costumes and sets they have created. Thank you to the staff and parents who spent both Saturday and Sunday at school finishing the costumes.

Please talk with your child about the responsibility they have for their own safety when they are walking or riding to and from school. Parents should know the other children or families their children walk to and from school with, which way they go and what time they should be expected to arrive if they are walking without an adult. Mobile phones are a great safety mechanism for older students, however we have a clear expectation that all phones are handed to the teacher at the start of the day.

Daily reading is an important foundation for life long learning. Enjoy reading with your child this week.

Safe Schools Coalition Australia

Recently Carranballac P-9 College, after consultation with School Council, has become a member of Safe Schools Coalition Australia (SSCA). This makes us a part of a nearly 300- strong coalition of schools across Australia who are committed to making schools safe for all students, school staff, parents and caregivers, regardless of sexual orientation or gender identity. We are serviced by the Victorian Branch, Safe Schools Coalition Victoria, who have over 200 member schools state wide. The work of the Victorian Branch is supported by the Department of Education and Training policy guideline on discrimination.

Safe Schools Coalition Victoria will be assisting Carranballac P-9 College to implement policies, processes and procedures to ensure all students, staff, parents and caregivers are safe from discrimination in all its forms.

The first part of this process is for all staff to complete a survey to identify how they believe the school manages discrimination at the moment. This includes homophobic language and how we support individuals who identify as same sex attracted and gender diverse (people who feel that their gender identity does not align with the sex assigned to them at birth).

On the 25th of August Safe Schools Coalition will present to all staff a professional development session tailored to the needs of Carranballac P-9 College. School Councillors have been invited to attend this. Part of this PD is to guide teachers in supporting years 7 to 9 students who will then complete a student survey. This program is more a process than a one off presentation and there will be a chance for parents to attend an information session.

PROJECT:
Our Kitchen Rules

- Provide audio visual equipment in our food technology rooms so students do not need to crowd to see their teacher
- Give students a bird’s eye view to teach correct techniques and food preparation
- Better class time management being able to show the class the lesson rather than completing this individually
- Modernise the college facilities
- Promote healthy food choices and preparation

We have a purpose built food technology room at both our schools. However, students are forced to crowd the teacher’s bench to view the lesson. We would like to install a camera in the ceiling above the teachers bench and a monitor which would enable the students to see from anywhere in the classroom, allowing them to view clearly all the techniques used by their teachers. The teacher, knowing that everyone has seen the lesson plan will be able to focus on the group. They can then better assess each student and be able provide assistance if or when it is required. We believe this will provide our students with the necessary personal skills to enable them to choose a healthy and nutritious diet.
