

Welcome to the Carranballac Corker. This is the weekly Family Learning Activity Page. Discuss the challenges and place your completed sheet in the box near the office. The correct winning entries will be drawn at the whole assembly on Monday mornings.

**Word of the Week:** Write a definition for the following.

Radius: \_\_\_\_\_

**Last Week's word:** Quarter – One of 4 equal part.

**Early Years:**

[https://eclass.upatras.gr/modules/document/file.php/PDE1456/challenges\\_year\\_1\\_and\\_2.pdf](https://eclass.upatras.gr/modules/document/file.php/PDE1456/challenges_year_1_and_2.pdf)

**Susie the snake**

Susie the snake has up to 20 eggs.

She counted her eggs in fours.  
She had 3 left over.

She counted them in fives.  
She had 4 left over.

How many eggs has Susie got?

**Middle Years:**

The magician said, "The average of seven numbers is 49.

If 1 is added to the first number, 2 is added to the second number, 3 is added to the third number and so on up to the seventh number".

What is the new average?

**Family Fun Activity**

**Family Fun Activity Jar**

Instead of trying to decide what to do on a weekend, let fate decide for you! At the end of each week do a lucky dip and that's what you can do together on the weekend. Use coloured padded pop sticks which can be found in the craft section at most dollar stores. Using a texta write down different activity ideas onto each stick. Thinking of different ideas would be a great family activity do to together, some could be:

- cricket at the beach or local park
- do a bushwalk
- kick at ball at favourite field
- visit a specific restaurant
- find a park you haven't visited before
- invite specific friends over
- go fishing
- ..... the list could be endless

**Due: Friday 18<sup>th</sup> November**
