

Welcome to the Carranballac Corker. This is the weekly Family Learning Activity Page. Discuss the challenges and place your completed sheet in the box near the office. The correct winning entries will be drawn at the whole assembly on Monday mornings.

Word of the Week: Write a definition for the following.

Square Number: _____

Last Week's word: Radius – the distance from the centre of a circle to its circumference.

Early Years:

https://eclass.upatras.gr/modules/document/file.php/PDE1456/challenges_year_1_and_2.pdf

Card tricks

Chico's cards are all different.
There is a number from 1 to 8 on each card.

Chico has chosen four cards that add up to 20.
What are they?
There are seven different possibilities.
Try to find them all.

What if Chico has three cards that add up to 16?

Middle Years:

A person jogged 10 times along the perimeter of a rectangular field at the rate of 12 kilometers per hour for 30 minutes.

If the field has a length that is twice its width, find the area of the field in square meters.

Family Fun Activity

Family Charades

Family Charades is an easy, fun game that will entertain kids for hours. Any child should know how to play charades, now's a good time to learn and it's not even difficult. Great for kids to play when adults are having a dinner party, at their own parties and in the classroom.

- Players: Six and more players
- The Aim: To guess words or phrases correctly before time runs out by observing the acts of one of your team members.

Due: Friday 25th November
