

Welcome to the Carranballac Corker. This is the weekly Family Learning Activity Page. Discuss the challenges and place your completed sheet in the box near the office. The correct winning entries will be drawn at the whole assembly on Monday mornings.

Word of the Week: Write a definition for the following.

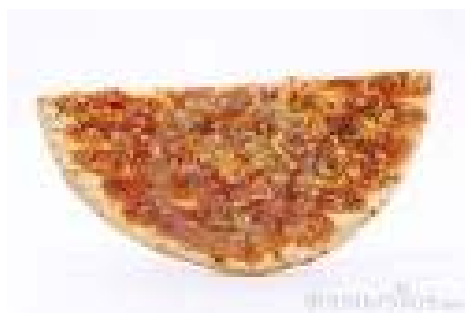

Reduce: _____

Last Week's word. Fortnight: two weeks or fourteen days.

Early Years:

The answer is $\frac{1}{2}$ a pizza.

What could the question be?

Middle Years:

The answer is 2,468. I am a multiplication problem. What could the question be? How many different problems can you make?

Family Fun Activity:

Conduct Family Interviews

Members of your family's older generations, like grandparents, great-aunts, and great-uncles, have many fascinating stories of growing up in different eras. Have your kids ask them what life was like and use a smart phone, Ipad video recorder to capture their tales, voices, and expressions. Encourage older family members to take turns interviewing someone, including the kids. By collecting personal anecdotes and memories, you'll have a time capsule of family history. Transcribe the interviews to create a book or a CD of photos for a slide show to accompany the interviews.

Previous Week's Answers
