

Final Director's Report for 2018

Dear parents and Carranballac P-9 College community members,

What an incredible finish to our learning year for all in the College community.

Please spend a few moments looking at our WORD SPLASH which is a culmination of the successes for 2019. This splash represents our staff perspective of the 2019 College achievements and I do hope it reminds those in our community of the success we have attained and also highlights the complexity of our College.

Our community of parents are to be congratulated for their growing support of all that we do. This encompasses the outstanding work of our Parents & Friends and School Council members. Our students and the culture of the College continue to improve in many ways: application to school work, higher standards of work outcomes, improved student data, improved behaviour, stronger student leadership, adherence to the College values and general positive demeanour. Our staff have adapted superbly to the changes we have implemented that are solely aimed at improving student learning outcomes; the evidence is there for all to see with our improved student data. The staff continue to

amaze and surprise me with their dedication and commitment in so many ways. As a College we are on a continuous improvement curve.

I am providing the full staff list; as part of this message, for your convenience. Please take the time to examine the student lists that are displayed at each Campus to ensure you know who your child's teacher(s) is and the room they have been allocated. A number of staff are leaving the College to pursue other career options and we wish them all the best for the future.

Over the holidays there will be significant facilities improvements undertaken at the College:

Jamieson Way: A new double portable, Alterations to the LaRochelle Blvd mound with a retaining wall being installed, various roof and gutter repairs and air conditioning installations (funded by the P&F).

Boardwalk: A new six foot high fence, external painting and repairs to B block, three external patio verandahs to B block on the North side and air conditioning installations (funded by the P&F).

In conclusion I would like to wish everyone a safe and happy Christmas and a prosperous New Year.

Take care and I look forward to seeing you all again in 2019.

Brendan O'Brien
