

Welcome to the Carranballac Corker. This is the weekly Family Learning Activity Page. Discuss the challenges and place your completed sheet in the box near the office. The correct winning entries will be drawn at the whole assembly on Monday mornings.

Word of the Week: Write a definition for the following.

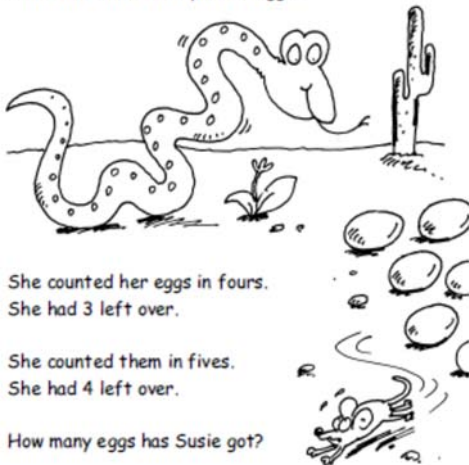

Mean: _____

Last Week's word: Isometric: isometric means having equal dimensions or measurements

Foundation to Year 2:

Susie the snake

Susie the snake has up to 20 eggs.

She counted her eggs in fours.
She had 3 left over.

She counted them in fives.
She had 4 left over.

How many eggs has Susie got?

Name: _____ Grade: _____

Year 3 to Year 6:

The length of a rectangle is increased to 2 times its original size and its width is increased to 3 times its original size.

If the area of the new rectangle is equal to 1800 square meters, what is the area of the original rectangle?

Name: _____ Grade: _____

Family

Family Fun Activity Jar

Instead of trying to decide what to do on a weekend, let fate decide for you! At the end of each week do a lucky dip and that's what you can do together on the weekend. Use coloured paddled pop sticks which can be found in the craft section at most dollar stores. Using a texta write down different activity ideas onto each stick. Thinking of different ideas would be a great family activity do to together, some could be:

- cricket at the beach or local park
- do a bushwalk
- kick at ball at favourite field
- visit a specific restaurant
- find a park you haven't visited before
- invite specific friends over
- go fishing
- the list could be endless

Previous Week's Answers

Foundation to Year 2:

The mystery number is 48

Year 3 to Year 6:

\$0.23 is spent on the peel.

$\$1.80 - \$0.23 = \$1.57$ on banana.

Due: Friday the 21st of September, 2018
