(Last DET Update: 16/02/16)

First Developed: May 2015

Reviewed: September & November 2015

Updated: February 2016

Updated: July 2017

## 1. Background and Information

### Rationale

- DET encourages schools to increase experience of the cultural and social features of the community, ensure parents/guardians partner in their children's development and create strong partnerships with community services, other schools, businesses and the wider community.
- Visitors to schools may include, but are not limited to, prospective parents, potential employees, those who are addressing learning or developmental needs (such as parent and community volunteers), invited speakers, sessional instructors, representatives of community organisations, business and service groups, local members of the State and Commonwealth Parliaments, those who are conducting business such as book sellers, official school photographers, uniform suppliers and commercial salespeople, tradespeople, talent scouts, children's services agents, police and child protection workers, WorkSafe officers.
- Schools are not public places and the safety of students and staff, the potential risks posed by visitors and the purpose and potential benefits must be major considerations.
- Legal considerations include DET policies concerning privacy, photographing students, mandatory reporting and Children First which promotes and protects the rights and wellbeing of children.
- The School Council must develop and approve written policies and procedures to manage visitors to the school.

## **2. Carranballac College Visitors to the School Policy (August 2017)**

### **Purpose**

- To ensure the school effectively manages visitors to school premises.
- To ensure Carranballac P-9 College complies with legislative requirements and DET policy and guidelines.
- To ensure the school complies with Child Safe Standard 4.

### **Implementation**

- The Principal will:
  - Implement Department and school level policies and procedures
  - be responsible for visitors allowed into school
  - ensure that as a minimum a record of all visitors to the school is kept in the event of a school emergency or any future investigation
  - ensure that visitors where required have the appropriate approvals to work with children
  - ensure that any programs or content delivered by visitors (other than Special Religious Instruction) complies with the requirement that education in Victorian government schools is secular
  - ensure that any programs delivered by visitors are delivered in a manner that supports and promotes the principles and practice of Australian democracy including a commitment to the following, as outlined in s 1.2.1 of the *Education and Training Reform Act 2006 (Vic)*:
    - ⊕ elected government
    - ⊕ the rule of law
    - ⊕ equal rights for all before the law
    - ⊕ freedom of religion
    - ⊕ freedom of speech and association
    - ⊕ the values of openness and tolerance
- In consultation with the community, School Council will consider what type of visitor is permitted and/or encouraged.
- Considerations will include the safety needs of staff and students, the purpose of the visit, educational merit and consistency with curriculum objectives, appropriateness for the age group, legal requirements (privacy, photographing of students, mandatory reporting) legal requirements and procedures to be implemented.
- A distinction will be made between community-based, not-for-profit groups on the one hand and visitors with commercial, advertising or marketing purposes on the other. Visitors seeking business partnerships and ongoing relationship/ties between the school and business must be approved by School Council prior to their commencement / signing.
- Visitors working with children or who will be in an area where children move freely about, learn or play will be required to have a current Working with Children Check.
-

- The Principal will determine:
  - how to communicate policies and procedures to staff, visitors and community
  - how to impose conditions on visitors, if required
  - how to manage and maintain a written record of all visitors
  - whether visitors will be required to wear a distinguishing badge
  - circumstances for visitors to be accompanied by a member of staff
  - that visitors delivering programs directly to students are adequately supervised by teaching staff of the school in order for the school's duty of care to be discharged to those students
  - the familiarisation with school routines, including the emergency management plan, required for regular visitors
  - when parents will be notified in advance about visitors to the school
  - requirements for parental permission for students to participate in programs or related activities delivered by visitors.
- The college will require all visitors arriving and departing during school hours to use a visitors' book to record their name, their signature, the date, time and purpose of the visit.
- The Principal will:
  - ensure the content of presentations and addresses contributes to the development of students' knowledge and understanding
  - extend the invitation to external speakers to support its educational program, rather than allowing groups to use the school as a forum to advance their causes or beliefs, particularly if speaking on a controversial matter
  - brief presenters about the nature of the school and its community
  - ensure that visitors do not present information or programs that may conflict with the *Education and Training Reform Act 2006*, policies of the Department and the school
  - respect the range of views held by students and their families.
- For persons who are authorised to enter on to the school premises, for a specific purpose (e.g. WorkSafe or Environmental Health Officers), school procedures will set out:
  - the process for checking the identification and authorisation of such persons
  - the process for recording their attendance
  - who should facilitate their entry on to the school premises in a manner consistent with the authorisation.
